Pharmaceuticals and Medical Devices
Products Ready for Market

ABOUT US

Optum Pharma Ltd is an Ireland-based company headquartered at 24 O'Connell Street, Waterford. We are a premier Irish pharmaceutical company and European brand dedicated to the development, licensing, and strategic provision of high-efficacy Finished Pharmaceutical Products (FPP).

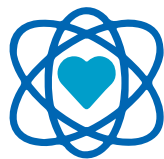

Operating from one of the world's leading pharmaceutical environments.

Pharmaceuticals and Medical Devices Products Ready for Market

To be the leading distributor of European pharmaceuticals in MEA, delivering affordable, high-quality healthcare solutions tailored to regional needs and cultures.

To provide affordable, high-quality European pharmaceuticals and medical devices to the MEA region, supported by ethical supply solutions and deep regional expertise.

CORE VALUES

Quality Excellence

We adhere to the highest European manufacturing standards, ensuring safe, effective, and reliable products for our customers.

Integrity & Transparency:

Ethical business practices, compliance with international regulations, and fair pricing define our partnerships.

Affordability & Accessibility

We bridge the gap between premium European pharmaceuticals and emerging markets, making healthcare more accessible.

Customer-Centric Approach

We prioritize the unique needs of the Middle East and Africa, offering tailored solutions for hospitals, clinics, and government bodies.

Optural D3

A range of high-potency, pharmaceutical-grade Vitamin D3 oral sprays. Engineered for maximum bioavailability to support immune defense, bone density, and muscle function across all lifestyles.

Optural D3 Baby

A gentle Vitamin D3 spray for infants and toddlers that supports healthy bone growth and immune priming. The micro-mist ensures rapid absorption and offers a precise, stress-free alternative to drops.

Optural D3 KIDS

An advanced oral spray formulated for children's bone growth and immune health. The micro-mist technology ensures rapid absorption and precise dosing to maintain strong teeth and skeletal development.

Optural D3 Adults

A high-potency defense complex that fortifies adult immunity and provides rapid protection. The advanced micro-mist delivery ensures superior bioavailability for immediate support, making it a portable and effective solution for maintaining peak wellness and cellular defense.

Optural D3 Pregnancy With Folic Acid

A specialized prenatal spray providing essential Vitamin D3 and Folic Acid for maternal health and fetal development. This high-absorption formula supports the mother's bone density and immune system.

Optural D3 + K1

A dual-vitamin synergy designed to support robust bone density and healthy blood clotting for both children and adults. The advanced micro-mist ensures rapid absorption of these essential vitamins to maintain a strong skeletal system and overall vascular health.

Optural D3 + K2

A synergistic blend of D3 and K2 (MK-7) to optimize calcium absorption and arterial health. This pharmaceutical-grade spray ensures nutrients are directed precisely to the bones.

Optural D3 Vegan

A 100% plant-based Vitamin D3 spray sourced from algae to support bone density, muscle function, and immunity. This ethical, high-absorption formula is designed specifically for vegan and vegetarian lifestyles.

Optural Essentials

High-potency, pharmaceutical-grade formulas designed to bridge nutritional gaps and support long-term skeletal, muscular, and circulatory health.

Optural B12

A high-strength B12 spray that supports energy production, red blood cell formation, and healthy nerve function. The micro-mist ensures immediate absorption to effectively reduce tiredness and support daily cognitive performance.

Optural B-complex

A high-potency blend of essential B vitamins that supports energy metabolism, nervous system health, and cognitive function. The fast-acting spray ensures rapid absorption to help reduce fatigue and maintain daily mental and physical vitality.

Optural Selenium

An antioxidant mineral spray that supports thyroid health, brain function, and cellular defense. This high-absorption formula provides essential trace element support for all ages.

Optural Iron

Food supplement with highly bioavailable form of iron, folic acid, vitamin B12 and beetroot extract in the form of oral spray with natural flavors.

Optural K2

A pure Vitamin K2 spray designed to support normal blood clotting and bone mineralization. The fast-acting formula provides superior bioavailability for cardiovascular and skeletal support.

Optural Immunity Boosters

Targeted botanical and mineral complexes engineered to fortify the body's natural defenses and provide rapid seasonal support.

Optural Immunity KIDS

Food supplement with zinc, selenium, vitamins and botanicals for immune system support in the form of oral spray, with natural flavors.

Optural Immunity

A high-potency complex that fortifies adult immunity with rapid-action micro-mist technology. It ensures superior bioavailability for immediate support and peak daily wellness.

Optural Wellness Kids

A comprehensive multi-nutrient spray featuring Vitamins A, B, C, D, E, and K for daily growth and vitality. The micro-mist ensures rapid absorption to support children's immune resilience and healthy development.

Optural Wellness

A complete multi-nutrient spray including Vitamins A, B, C, D, E, and K. This all-in-one formula supports daily vitality and comprehensive cellular health for the whole family.

Optural Manuka Honey

Synergistic MGO 400+ Manuka honey for rapid throat relief and immune support. This high-grade spray combines natural healing properties with advanced oral delivery.

Optural Propolis

A natural antimicrobial spray derived from premium bee propolis to protect the throat and boost defenses. It provides antioxidant support in a convenient, portable format.

Optural Herbal Complex

A high-potency botanical blend designed for comprehensive wellness and multi-system support. This fast-acting micro-mist delivers a synergistic complex of plant extracts directly for rapid absorption, fortifying the body's natural vitality and metabolic balance.

Optural Echinacea Kids

A botanical immune booster for children to maintain natural resistance during seasonal changes. This fast-acting spray provides immediate uptake and a simple, no-fuss administration.

Optural Zinc

An essential mineral spray that supports cognitive function, healthy skin, and immune defense. This easy-to-use format ensures efficient uptake for both children and adults.

Optural Sleep & Relax

Scientific solutions for nocturnal recovery and mental tranquility, helping you manage stress and improve sleep quality.

Optural Good Night

A specialized formula designed for deep, restorative rest and healthy sleep cycles. It supports nightly recovery without grogginess, ensuring you wake up feeling refreshed.

Optural Melatonin

A fast-acting sleep induction spray that reduces time to fall asleep and eases jet lag. The precision mist ensures rapid uptake for a natural transition into rest.

Optural Relax

A botanical blend that calms the nervous system and reduces feelings of daily stress. This fast-acting mist provides immediate mental tranquility and emotional balance.

Optural Concept Formulas

Specialized intra-oral solutions addressing modern lifestyle challenges, from metabolic balance to respiratory comfort.

Optural Cognition Citicoline

A pharmaceutical-grade cognitive enhancer designed to support mental clarity, focus, and long-term brain health. The advanced oral spray technology delivers Citicoline directly for rapid uptake, helping to improve memory performance and overall neurological vitality.

Optural Iceland Moss

A protective spray for vocal and respiratory recovery that soothes hoarseness and throat irritation. Ideal for professional voice care and soothing the upper respiratory tract.

Optural Sugar Craving Control

A metabolic spray that helps curb sugar desire and maintains healthy glucose levels. Utilizing Chromium and Gymnema, it provides immediate intervention for appetite mastery.

Optural Dry Mouth Relief

A professional-grade moisturizing spray for instant relief from xerostomia and dry throat. The pH-balanced formula provides long-lasting hydration and mucosal comfort.

Optural Dry Mouth Relief

A professional-grade moisturizing spray for instant relief from xerostomia and dry throat. The pH-balanced formula provides long-lasting hydration and mucosal comfort.

Optural Digestion Ginger

Natural ginger extract for rapid relief from motion sickness and digestive discomfort. The oral spray format ensures fast-acting gastrointestinal comfort for kids and adults.

Advanced Therapeutic Solutions

Scientific solutions for nocturnal recovery and mental tranquility, helping you manage stress and improve sleep quality.

Optural Honey spray

Beyond nutrition, Optural provides high-standard medical devices designed for rapid symptom relief and recovery.

Wellness That Fits Your Life

Cool & Intense

The classic choice for maximum nasal clarity.

Respiratory Balm

Menthol & Eucalyptus

Typically used for chest and throat application to help clear nasal passages and ease breathing.

Why Choose Optum Pharma?

Regulatory & Market Support

We provide comprehensive dossiers and EU-certified documentation to ensure seamless registration and rapid market entry for our partners.

Premium Grade Ingredients

We utilize high-purity active components, such as Cholecalciferol (D3) and Folic Acid, stabilized with medical-grade Xylitol for a tooth-friendly experience.

Quality and Compliance Focus

We prioritize quality control and ensure all products meet global compliance standards, giving you confidence that your products are safe, reliable, and market-ready.
